

Throw Me Down
Lyrics by David Saul

I feel your breath hot against my skin
Wanting, demanding wrap me in your sin
Close the shades, turn out the light
I want to be your slave tonight

Tie my hands so that I can't touch
Begging, pleading, this is never too much
Crack the whip tease me more
Then I'll begging upon the floor

Throw me down, bind me
Take all you need from me
Satisfy your needs, use me
Force me to my knees
I'll do anything to please

I feel your heat as you wrap me in your thighs
Sexual hunger is written in your eyes
I can't resist excitement grows
Help me tear away my clothes

Release my hands so I can hold your skin
Stroking, teasing, I feel you draw me in
I can't hold back passion grows
The wave of pleasure ebbs and flows
